The Soul of Leadership Deepak Chopra, M.D. 2010-12-28 Leadership is the most crucial choice one can make—it is the decision to step out of darkness into the light. Bestselling author and spiritual guide Deepak Chopra invites you to become the kind of leader most needed today: a leader with vision who can make that vision real. Chopra has been teaching leadership to CEOs and other top executives for eight years, and the path outlined in The Soul of Leadership applies to any business, but the same principles are relevant in every community and area of life, from family and home to school, place of worship, and neighborhood. “At the deepest level,” Chopra writes, “a leader is the symbolic soul of a group.” With clear, practical steps, you are led through the crucial skills outlined in the acronym L-E-A-D-E-R-S: L = Look and Listen E = Emotional Bonding A = Awareness D = Doing E = Empowerment R = Responsibility S = Synchronicity After identifying your own soul profile and the core values you want to develop, you can use these seven skills to allow your potential for greatness to emerge. Only from the level of the soul, Chopra contends, are great leaders created. Once that connection is made, you have unlimited access to the most vital qualities a leader can possess: creativity, intelligence, organizing power, and love. The Soul of Leadership aims to fill the most critical void in contemporary life, the void of enlightened leaders. “You can be such a leader,” Chopra promises. “The path is open to you. The only requirement is that you learn to listen to your inner guide.” In this unique handbook you are shown how to do just that, in words as practical as they are uplifting. The future is unfolding at this very minute, and the choice to lead it lies with each of us, here and now.

The Legacy Journey Dave Ramsey 2014-10-01 What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

For What It's Worth Les Gold 2013-06-13 Businesses these days talk a lot about figuring out what the customer wants. Well, here's your first lesson: the customer doesn't know what he wants. This book is going to show you how to convince him he wants the thing you're selling. Les Gold has been in business since age twelve, when he started selling used golf clubs from his dad's basement. Now he owns Detroit's biggest pawnshop, American Jewelry and Loan, and is the star of the hit reality TV show Hardcore Pawn. As a third-generation pawnbroker, Gold grew up in the business, dealing with customers who could be unruly and violent as often as they were friendly. He became good at selling just about anything and at buying items for what they were worth. Although he started at his family's small pawnshop, he has now expanded into a fifty-thousand-square-foot former bowling alley, making a thousand deals a day. On any given day, he could be taking a vintage car in to pawn or chasing down a thief who's just stolen a gold chain from the store. No business school in the world can teach you as much about buying, selling, negotiating, managing employees, dealing with customers, advertising, tracking trends, and predicting the economy's ups and downs. In this entertaining, honest book, Gold takes you inside some of his weirdest, wackiest deals and steals. From the monkey his dad once took in to pawn to the deal Gold made for a stripper pole, he has no boundaries for what he considers to be part of his business—and neither should you. You will learn: How to tell an emotional story when you're selling—and take emotion out of the transaction when you're buying Why judging your customers before you know them can kill a potential deal How to deal with risk, both mental and physical How to communicate with employees (even if they're your own kids) Why investing in relationships with your community is time well spent Why your business should never be limited by what others tell you it should be No place in the world prepares you better for the working world than a pawnshop, and Les Gold takes you inside his shop to

share what he's learned from fifty-five years in the most interesting job in the world.
