

Killing A King The Assassination Of Yitzhak Rabin And The Remaking Of Israel

Eventually, you will utterly discover a new experience and success by spending more cash. nevertheless when? get you endure that you require to get those all needs taking into account having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more regarding the globe, experience, some places, when history, amusement, and a lot more?

It is your utterly own epoch to pretense reviewing habit. in the middle of guides you could enjoy now is Killing A King The Assassination Of Yitzhak Rabin And The Remaking Of Israel below.

Rise and Kill First Ronen Bergman 2019-07-09 NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, Rise and Kill First brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré

Head of the Mossad Shabtai Shavit 2020-09-15 Shabtai Shavit, director of the Mossad from

1989 to 1996, is one of the most influential leaders to shape the recent history of the State of Israel. In this exciting and engaging book, Shavit combines memoir with sober reflection to reveal what happened during the seven years he led what is widely recognized today as one of the most powerful and proficient intelligence agencies in the world. Shavit provides an inside account of his intelligence and geostrategic philosophy, the operations he directed, and anecdotes about his family, colleagues, and time spent in, among other places, the United States as a graduate student and at the CIA. Shavit's tenure occurred during many crucial junctures in the history of the Middle East, including the collapse of the Soviet Union and the end of the Cold War era; the first Gulf War and Prime Minister Yitzhak Shamir's navigation of the state and the Israeli Defense Forces (IDF) during the conflict; the peace agreement with Jordan, in which the Mossad played a central role; and the assassination of Prime Minister Yitzhak Rabin. Shavit offers a broad sweep of the integral importance of intelligence in these historical settings and reflects on the role that intelligence can and should play in Israel's future against Islamist terrorism and Iran's eschatological vision. Head of the Mossad is a compelling guide to the reach of and limits facing intelligence practitioners, government officials, and activists throughout Israel and the Middle East. This is an essential book for everyone who cares for Israel's security and future, and everyone who is interested in intelligence gathering and covert action.

Genesis John B. Judis 2014-02-04 A senior editor at The New Republic traces the flawed American policy, established during Truman's presidency, that he theorizes is the root of the half-century-long conflict between Jews and Arabs in the Middle East. 20,000 first printing.

Finding Home and Homeland Avinoam J. Patt 2009 An inspiring examination of young survivors of the Holocaust and their role in the creation of the state of Israel.

Master of the Game Martin Indyk 2021-10-26 A perceptive and provocative history of Henry Kissinger's diplomatic negotiations in the Middle East that illuminates the unique challenges and barriers Kissinger and his successors have faced in their attempts to broker peace between Israel and its Arab neighbors. "A wealth of lessons for today, not only about the challenges in that region but also about the art of diplomacy . . . the drama, dazzling maneuvers, and grand strategic vision."—Walter Isaacson, author of *The Code Breaker* More than twenty years have elapsed since the United States last brokered a peace agreement between the Israelis and Palestinians. In that time, three presidents have tried and failed.

Martin Indyk—a former United States ambassador to Israel and special envoy for the Israeli-Palestinian negotiations in 2013—has experienced these political frustrations and disappointments firsthand. Now, in an attempt to understand the arc of American diplomatic influence in the Middle East, he returns to the origins of American-led peace efforts and to the man who created the Middle East peace process—Henry Kissinger. Based on newly available documents from American and Israeli archives, extensive interviews with Kissinger, and Indyk's own interactions with some of the main players, the author takes readers inside the negotiations. Here is a roster of larger-than-life characters—Anwar Sadat, Golda Meir, Moshe Dayan, Yitzhak Rabin, Hafez al-Assad, and Kissinger himself. Indyk's account is both that of a historian poring over the records of these events, as well as an inside player seeking to glean lessons for Middle East peacemaking. He makes clear that understanding Kissinger's design for Middle East peacemaking is key to comprehending how to—and how not to—make peace.

The Ethnic Cleansing of Palestine Ilan Pappé 2007-09-01 The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its

very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

An Innocent Bystander Julie Salamon 2019-06-11 The definitive story of one American family at the center of a single, shocking act of international terrorism that "manages to capture the essence of the Israeli-Palestinian conflict" (Dan Ephron). On October 3, 1985, Leon Klinghoffer, a disabled Jewish New Yorker, and his wife boarded the Achille Lauro to celebrate their 36th wedding anniversary with a Mediterranean cruise. Four days later, four Palestinian fedayeen hijacked the Italian luxury liner and took the passengers and crew hostage. Leon Klinghoffer was shot in the head, his body and wheelchair thrown overboard. His murder became a flashpoint in the intractable struggle between Israelis and Arabs and gave Americans a horrifying preview of what it means when terrorism hits home. In this richly reported book, drawing on multiple perspectives, Julie Salamon dispels the mythology that has grown around that shattering moment. What transpired on the Achille Lauro left the Klinghoffer family in the grip of irredeemable sorrow, while precipitating tragic reverberations for the wives and sons of Abu al-Abbas, the Palestinian mastermind behind the hijacking, and the family of Alex Odeh, a Palestinian-American murdered in Los Angeles in a brutal act of retaliation. Through intimate interviews with almost all living participants, including one of the hijackers, Julie Salamon brings alive the moment-by-moment saga of the hijacking and the ensuing U.S.-led international manhunt; the diplomatic wrangling between the United States, Egypt, Italy, and Israel; the long agonizing search for justice; and the inside story of the controversial opera about the Klinghoffer tragedy that provoked a culture war. *An Innocent Bystander* is a masterful work of journalism that moves between the personal and the global with the pace of a geopolitical thriller and the depth of a psychological drama. Throughout lies the tension wrought by terrorism and its repercussions today.

Anonymous Soldiers Bruce Hoffman 2016 Draws on newly available documents from the National Archives in Britain to chronicle the historical events and key campaigns that led to the creation of Israel.

Thirteen Days in September Lawrence Wright 2015 "Originally published in hardcover in the United States by Alfred A. Knopf, a division of Penguin Random House LLC, New York, in 2014"--Title page verso.

Fateful Triangle Noam Chomsky 1999 Contents Foreword by Edward W. Said Preface to the Updated Edition 1. Fanning the Flames 2. The Origins of the "Special Relationship" 3.

Rejectionism and Accommodation 4. Israel and Palestine: Historical Backgrounds 5. Peace for Galilee 6. Aftermath 7. The Road to Armageddon 8. The Palestinian Uprising 9. "Limited War" in Lebanon 10. Washington's "Peace Process" Index An Excerpt from *Fateful Triangle*, Updated Edition For some time, I've been compelled to arrange speaking engagements long in advance. Sometimes a title is requested for a talk scheduled several years ahead. There is, I've found, one title that always works: "The current crisis in the Middle East." One can't predict exactly what the crisis will be far down the road, but that there will be one is a fairly safe prediction. That will continue to be the case as long as basic problems of the region are not addressed. Furthermore, the crises will be serious in what President Eisenhower called "the most strategically important area in the world." In the early post-War years, the United States in effect extended the Monroe Doctrine to the Middle East, barring any interference apart from Britain, assumed to be a loyal dependency and quickly punished when it occasionally got out of hand (as in 1956). The strategic importance of the region lies primarily in its immense petroleum reserves and the global power accorded by control over them; and, crucially, from the huge profits that flow to the Anglo-American rulers, which have been of critical importance for their economies. It has been necessary to ensure that this enormous wealth flows primarily to the

West, not to the people of the region. That is one fundamental problem that will continue to cause unrest and disorder. Another is the Israel-Arab conflict with its many ramifications, which have been closely related to the major U.S. strategic goal of dominating the region's resources and wealth. For many years, it was claimed the core problem was Soviet subversion and expansionism, the reflexive justification for virtually all policies since the Bolshevik takeover in Russia in 1917. That pretext having

Treason 2019-05-06 Set against the framework of modern political concerns, *Treason:*

Medieval and Early Modern Adultery, Betrayal, and Shame considers the various forms of treachery in a variety of sources, including literature, historical chronicles, and material culture creating a complex portrait of the development of this high crime.

Israel's Sacred Terrorism Livia Rokach 1982

Rubber Bullets Yaron Ezrahi 1998 Among commentators on Israeli affairs, Yaron Ezrahi is distinguished by his analytical brilliance, his twin passions for Jewish traditions and the tradition of liberal democracy, and his ability to see behind current events to their causes, some of them three generations in the making, some three millennia. Here he offers an uncommonly insightful analysis of the ways that history, politics, and the national character of Israel come to bear on current affairs there. Ezrahi regards surprising and divisive events—such as the assassination of Prime Minister Yitzhak Rabin and Benjamin Netanyahu's defeat of Shimon Peres in the subsequent ministerial election—as signs of an ongoing, fundamental conflict in Israeli society. He explores ways in which the conflict is felt in diverse aspects of Israeli life and culture, from the social dimensions of military service and the development of the modern Hebrew language to Israelis' attitudes toward nature and the status of women. In chapters that blend probing analysis with stirring memoir, Ezrahi tells the story of Israel's transformation from a defensive, embattled society held together by a myth of national liberation to a prosperous liberal society that must make room for the many different stories of individual Israelis.

Kill Chain Andrew Cockburn 2015-03-10 An essential and page-turning narrative on the history of drone warfare by the acclaimed author of *Rumsfeld*, exploring how this practice emerged, who made it happen, and the real consequences of targeted killing. Assassination by drone is a subject of deep and enduring fascination. Yet few understand how and why this has become our principal way of waging war. *Kill Chain* uncovers the real and extraordinary story; its origins in long-buried secret programs, the breakthroughs that made UAV operations possible, the ways in which the technology works and, despite official claims, does not work. Taking the reader inside the well-guarded world of national security, the book reveals the powerful interests - military, CIA and corporate - that have led the drive to kill individuals by remote control. Most importantly of all, the book describes what has really happened when the theories underpinning the strategy -- and the multi-billion dollar contracts they spawn -- have been put to the test. Drawing on sources deep in the military and intelligence establishments, Andrew Cockburn's *Kill Chain* unveils the true effects, as demonstrated by bloody experience, of assassination warfare, a revelation that readers will find surprising as well as shocking.

The Settlers Gadi Taub 2011-09-01 Gadi Taub places the controversy surrounding Jewish settlements in the West Bank into perspective, arguing that the core issue is a struggle over the meaning of Zionism. He charts the evolution of the settler ideology & how the majority of Israeli citizens have responded.

Killing a King: The Assassination of Yitzhak Rabin and the Remaking of Israel Dan Ephron 2015-10-19 Winner of the Los Angeles Times Book Prize in History and one of the New York Times's 100 Notable Books of the Year. The assassination of Israeli Prime Minister Yitzhak Rabin remains the single most consequential event in Israel's recent history, and one that fundamentally altered the trajectory for both Israel and the Palestinians. In *Killing a King*, Dan Ephron relates the parallel stories of Rabin and his stalker, Yigal Amir, over the two years leading up to the assassination, as one of them planned political deals he hoped would lead to peace, and the other plotted murder. "Carefully reported, clearly presented, concise and

gripping," It stands as "a reminder that what happened on a Tel Aviv sidewalk 20 years ago is as important to understanding Israel as any of its wars" (Matti Friedman, The Washington Post). Zion Before Zionism, 1838-1880 Arnold Blumberg 2007 This book studies the interaction of the European, Turkish, and Palestinian natives for a forty-two year period, just prior to when the great Jewish immigration to Palestine began. It examines the interplay between the native Palestinian population, the essentially foreign Turkish government imposed on them, and the aggressive ambitions of Christian nations represented by their consuls. Most important of all, 1838 marks the first year in which the Turks recognized the right of foreign non-Moslems to lease property for permanent residence in a city sacred to Islam. It was to be another twelve years before the purchase of property by foreign infidels became possible at the Holy City. It was to be a full twenty years before the Turks codified a Land Registry Law in 1858. Nevertheless, the mere beginning of permanent residence at Jerusalem for foreign Jews and Christians makes 1838 a milestone year. It is, therefore, important for any study of what is today modern Israel to examine the years 1838-1880. Those crucial forty-two years form the unique and essential incubative time period without which Zionism could never have prospered in Zion.

A Death in Jerusalem Kati Marton 2011-11-23 On the evening of September 17, 1948, a car carrying Count Folke Bernadotte, the first United Nations-appointed mediator in the Middle East, traveled up a narrow Jerusalem street. As the car shifted gears for the climb toward the New City, an Israeli Army jeep nosed into the road, forcing Bernadotte's car and the two following him to come to a full stop. From the jeep sprang three uniformed men clutching automatic weapons. In a moment that set the stage for a legacy of violence that has since characterized Arab-Israeli negotiations, Count Bernadotte was shot six times and killed. The assassins were never brought to justice. A Death in Jerusalem reveals the forces behind this assassination, the passion that first dictated the tactics of terrorism in Israel and that continue to shape the thinking and actions of those even now determined to block accommodation with the Palestinians. At its birth in 1948, the State of Israel was endangered as much by a fratricidal war between Jewish moderates and extremists as it was by the invading armies of its Arab neighbors. In the first test of its authority, the fledgling United Nations forged a temporary truce between Arabs and Jews and dispatched Count Bernadotte to negotiate a permanent peace. A Swede with a reputation for skillful negotiations with the Nazis for the release of prisoners, including Jewish concentration-camp victims, Bernadotte had seemed the ideal choice for mediator. But he was dangerously unversed in the Israeli underground's passionate visions of a homeland restored to its biblical geographical proportions. To the Stern Gang, led by future Israeli Prime Minister Yitzhak Shamir, any concession of land was as threatening to Israel's integrity as the Arabs' invading armies. And the Sternists did not trust Count Bernadotte, whom they saw as threatening Israel's claim to the holy city of Jerusalem. As Bernadotte prepared his plan for the allocation of disputed territory, the Stern Gang plotted his murder. Drawing on previously untapped sources, including Bernadotte's family and former Stern Gang members, Kati Marton tells the vivid and haunting story of what propelled the Sternists, how they achieved their goal, and how and why the assassins were shielded from prosecution.

Day of the Assassins Michael Burleigh 2021-05-27 'Written with Burleigh's characteristic brio, with pithy summaries of historical moments (he is brilliant on the Americans in Vietnam, for example) and full of surprising vignettes' – The Times 'Book of the Week' 'Brilliant and timely . . . Our world today is as dangerous and mixed-up as it has ever been. Luckily we have Michael Burleigh to help us make sense of it.' – Mail on Sunday In Day of the Assassins, acclaimed historian Michael Burleigh examines assassination as a special category of political violence and asks whether, like a contagious disease, it can be catching. Focusing chiefly on the last century and a half, Burleigh takes readers from Europe, Russia, Israel and the United States to the Congo, India, Iran, Laos, Rwanda, South Africa and Vietnam. And, as we travel, we revisit notable assassinations, among them Leon Trotsky, Hendrik Verwoerd, Juvénal Habyarimana,

Indira Gandhi, Yitzhak Rabin and Jamal Khashoggi. Combining human drama, questions of political morality and the sheer randomness of events, Day of the Assassins is a riveting insight into the politics of violence.

The Holocaust in the Soviet Union Yitzhak Arad 2020-04-27

Striking Back Aaron J. Klein 2007-01-09 The first full account, based on access to key players who have never before spoken, of the Munich Massacre and the Israeli response—a lethal, top secret, thirty-year-long antiterrorism campaign to track down the killers. 1972. The Munich Olympics. Palestinian members of the Black September group murder eleven Israeli athletes. Nine hundred million people watch the crisis unfold on television, witnessing a tragedy that inaugurates the modern age of terror and remains a scar on the collective conscience of the world. Back in Israel, Prime Minister Golda Meir vows to track down those responsible and, in Menachem Begin's words, "run these criminals and murderers off the face of the earth." A secret Mossad unit, code named Caesarea, is mobilized, a list of targets drawn up. Thus begins the Israeli response—a mission that unfolds not over months but over decades. The Mossad has never spoken about this operation. No one has known the real story. Until now. Award-winning journalist Aaron Klein's incisive and riveting account tells for the first time the full story of Munich and the Israeli counterterrorism operation it spawned. With unprecedented access to Mossad agents and an unparalleled knowledge of Israeli intelligence, Klein peels back the layers of myth and misinformation that have permeated previous books, films, and magazine articles about the "shadow war" against Black September and other terrorist groups. Spycraft, secret diplomacy, and fierce detective work abound in a story with more drama than any fictional thriller. Burning questions are at last answered, including who was killed and who was not, how it was done, which targets were hit and which were missed. Truths are revealed: the degree to which the Mossad targeted nonaffiliated Black September terrorists for assassination, the length and full scope of the operation (far greater than previously suspected), retributive acts against Israel, and much more. Finally, Klein shows that the Israeli response to Munich was not simply about revenge, as is popularly believed. By illuminating the tactical and strategic purposes of the Israeli operation, Striking Back allows us to draw profoundly relevant lessons from one of the most important counterterrorism campaigns in history.

The Wall and the Gate Michael Sbard 2018-01-23 From renowned human rights lawyer Michael Sbard, an unprecedented exploration of the struggle for human rights in Israel's courts. A farmer from a village in the occupied West Bank, cut off from his olive groves by the construction of Israel's controversial separation wall, asked Israeli human rights lawyer Michael Sbard to petition the courts to allow a gate to be built in the wall. While the gate would provide immediate relief for the farmer, would it not also confer legitimacy on the wall and on the court that deems it legal? The defense of human rights is often marked by such ethical dilemmas, which are especially acute in Israel, where lawyers have for decades sought redress for the abuse of Palestinian rights in the country's High Court—that is, in the court of the abuser. In The Wall and the Gate, Michael Sbard chronicles this struggle—a story that has never before been fully told—and in the process engages the core principles of human rights legal ethics. Sbard recounts the unfolding of key cases and issues, ranging from confiscation of land, deportations, the creation of settlements, punitive home demolitions, torture, and targeted killings—all actions considered violations of international law. In the process, he lays bare the reality of the occupation and the lives of the people who must contend with that reality. He also exposes the surreal legal structures that have been erected to put a stamp of lawfulness on an extensive program of dispossession. Finally, he weighs the success of the legal effort, reaching conclusions that are no less paradoxical than the fight itself. Writing with emotional force, vivid storytelling, and penetrating analysis, Michael Sbard offers a radically new perspective on a much-covered conflict and a subtle, painful reckoning with the moral ambiguities inherent in the pursuit of justice. The Wall and the Gate is a signal contribution to everyone concerned with the

Israeli-Palestinian conflict and human rights everywhere.

Lies That Matter Allan Gerson 2021-05-04 The true story of a DOJ prosecutor's complicated quest to deport Nazis: "The lessons that Mr. Gerson learns, and shares, could not be more timely." —Seth Waxman, former US Solicitor General As the son of Holocaust survivors, federal prosecutor Allan Gerson thought his professional assignment to investigate and deport those who persecuted his family and others like them would make his parents proud. But their reaction was not what he expected. This is his memoir of the experience—and the complex emotions and questions it provoked. "It takes a young attorney whose Holocaust survivor parents and uncle had to lie in order to gain admittance into the U.S. to recognize the double-edged dangers of pursuing aging Nazi functionaries with the blunt instruments of American immigration law. Can the same laws be turned against his parents and other Jews like them? Allan Gerson tells the gripping story of his two years at the Department of Justice office charged with investigating and deporting aging Nazis living quietly in our midst. His interrogation of suspected perpetrators forces him to uncover secrets of his family and other anguished victims that he never wanted to know . . . This narrative reads like a bildungsroman,

a coming of age story of a lawyer who went on to seek American legal remedies for historic crimes and injustices committed elsewhere." —Samuel Norich, President, The Forward Six Days Jeremy Bowen 2013-12-03 Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.

Churchill's Promised Land David Makovsky 2007-01-01 A comprehensive examination of Churchill's complex political, diplomatic, and intellectual response to Zionism"

Surprise, Kill, Vanish Annie Jacobsen 2019-05-14 From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual

challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

Divine Renovation James Mallon 2014-09

Mossad Michael Bar-Zohar 2012-11-06 "This book tells what should have been known and isn't—that Israel's hidden force is as formidable as its recognized physical strength." — Israeli President Shimon Peres For decades, Israel's renowned security arm, the Mossad, has been widely recognized as the best intelligence service in the world. In Mossad, authors Michael Bar-Zohar and Nissim Mishal take us behind the closed curtain with riveting, eye-opening, boots-on-the-ground accounts of the most dangerous, most crucial missions in the agency's 60-year history. These are real Mission: Impossible true stories brimming with high-octane action—from the breathtaking capture of Nazi executioner Adolph Eichmann to the recent elimination of key Iranian nuclear scientists. Anyone who is fascinated by the world of international espionage, intelligence, and covert "Black-Ops" warfare will find Mossad electrifying reading. Mossad unveils the defining and most dangerous operations, unknown heroes, and mysterious agents of the world's most respected—and most enigmatic—intelligence service. Here are the thrilling stories of daring top secret missions, including the capture of Adolf Eichmann, the eradication of Black September, the destruction of the Syrian nuclear facility, and the elimination of key Iranian nuclear scientists. Drawn from intensive research and exclusive interviews with Israeli leaders and Mossad operatives, this riveting history brings to life the brave agents, deadly villains, and major battlegrounds that have shaped Israel and the world at large for more than sixty years.

Killing a King Dan Ephron 2016-10-04 One of the New York Times's 100 Notable Books of the Year.

The Rabin Memoirs Yitzhak Rabin 1996 The memoirs of the late Israeli prime minister cover his role in the war of Israeli independence

The Theater of War Bryan Doerries 2016-08-23 This is the personal and deeply passionate story of a life devoted to reclaiming the timeless power of an ancient artistic tradition to comfort the afflicted. For years, theater director Bryan Doerries has led an innovative public health project that produces ancient tragedies for current and returned soldiers, addicts, tornado and hurricane survivors, and a wide range of other at-risk people in society. The originality and generosity of Doerries's work is startling, and The Theater of War--wholly unsentimental, but intensely felt and emotionally engaging--is a humane, knowledgeable, and accessible book that will both inspire and enlighten. Tracing a path that links the personal to the artistic to the social and back again, Doerries shows us how suffering and healing are part of a timeless process in which dialogue and empathy are inextricably linked.

Final Judgment Michael Collins Piper 1995

The Day of the Jackal Frederick Forsyth 2012-09-04 THE CLASSIC THRILLER FROM #1 NEW YORK TIMES BESTSELLING AUTHOR FREDERICK FORSYTH "The Day of the Jackal makes such comparable books such as The Manchurian Candidate and The Spy Who Came in from the Cold seem like Hardy Boy mysteries."—The New York Times The Jackal. A tall, blond Englishman with opaque, gray eyes. A killer at the top of his profession. A man unknown to any secret service in the world. An assassin with a contract to kill the world's most heavily guarded man. One man with a rifle who can change the course of history. One man whose mission is so secretive not even his employers know his name. And as the minutes count down to the final

act of execution, it seems that there is no power on earth that can stop the Jackal.

The Assassins Bernard Lewis 2008-08-05 From a master historian, the definitive account of history's first terrorists An offshoot of the Ismaili Shi'ite sect of Islam, the Assassins were the first group to make systematic use of murder as a political weapon. Established in Iran and Syria in the eleventh and twelfth centuries, they aimed to overthrow the existing Sunni order in Islam and replace it with their own. They terrorized their foes with a series of dramatic murders of Islamic leaders, as well as of some of the Crusaders, who brought their name and fame back to Europe. Professor Lewis traces the history of this radical group, studying its teachings and its influence on Muslim thought. Particularly insightful in light of the rise of the terrorist attacks in the U.S. and in Israel, this account of the Assassins--whose name is now synonymous with politically motivated murderers--places recent events in historical perspective and sheds new light on the fanatic mind.

Zionism Milton Viorst 2016-07-19 "Viorst examines the evolution of Zionism, from its roots by serving as a cultural refuge for Europe's Jews, to [what he sees as] the cover it provides today for Israel's exercise of control over millions of Arabs in occupied territories"--Amazon.com.

The Good Spy Kai Bird 2014-05-20 The Good Spy is Pulitzer Prize-winning biographer Kai Bird's compelling portrait of the remarkable life and death of one of the most important operatives in CIA history – a man who, had he lived, might have helped heal the rift between Arabs and the West. On April 18, 1983, a bomb exploded outside the American Embassy in Beirut, killing 63 people. The attack was a geopolitical turning point. It marked the beginning of Hezbollah as a political force, but even more important, it eliminated America's most influential and effective intelligence officer in the Middle East – CIA operative Robert Ames. What set Ames apart from his peers was his extraordinary ability to form deep, meaningful connections with key Arab intelligence figures. Some operatives relied on threats and subterfuge, but Ames worked by building friendships and emphasizing shared values – never more notably than with Yasir Arafat's charismatic intelligence chief and heir apparent Ali Hassan Salameh (aka "The Red Prince"). Ames' deepening relationship with Salameh held the potential for a lasting peace. Within a few years, though, both men were killed by assassins, and America's relations with the Arab world began heading down a path that culminated in 9/11, the War on Terror, and the current fog of mistrust. Bird, who as a child lived in the Beirut Embassy and knew Ames as a neighbor when he was twelve years old, spent years researching The Good Spy. Not only does the book draw on hours of interviews with Ames' widow, and quotes from hundreds of Ames' private letters, it's woven from interviews with scores of current and former American, Israeli, and Palestinian intelligence officers as well as other players in the Middle East "Great Game." What emerges is a masterpiece-level narrative of the making of a CIA officer, a uniquely insightful history of twentieth-century conflict in the Middle East, and an absorbing hour-by-hour account of the Beirut Embassy bombing. Even more impressive, Bird draws on his reporter's skills to deliver a full dossier on the bombers and expose the shocking truth of where the attack's mastermind resides today.

Zionism Michael Brenner 2011 This book explores the origins of Zionism within Jewish tradition, the variety of Zionist ideologies, and the political circumstances that fostered this movement. This expanded and updated edition includes a chapter about the changes in Zionism since the founding of the State of Israel in 1948.

A Guest at the Shooters' Banquet Rita Gabis 2015-09-08 In prose as beautiful as it is powerful, Rita Gabis follows the trail of her grandfather's collaboration with the Nazis; a trail riddled with secrets, slaughter, mystery, and discovery. Rita Gabis comes from a family of Eastern European Jews and Lithuanian Catholics. She was close to her Catholic grandfather as a child and knew one version of his past: prior to immigration he had fought the Russians, whose brutal occupation of Lithuania destroyed thousands of lives before Hitler's army swept in. Five years ago, Gabis discovered an unthinkable dimension to her family story: from 1941 to 1943, her grandfather had been Chief of Security Police under the Gestapo in the Lithuanian town of

Svencionys, near the killing field of Poligon, where 8,000 Jews were murdered over three days in the fall of 1941. In 1942, the local Polish population was also hunted down. Gabis felt compelled to find out the complicated truth of who her grandfather was and what he had done. Built around dramatic interviews in four countries, filled with original scholarship, and mesmerizing in its lyricism, *A Guest at the Shooters' Banquet* is a history and family memoir like no other, documenting "the holocaust by bullets" in a remarkable quest as Gabis returns again and again to the country of her grandfather's birth to learn all she can about the man she thought she knew.

The Founding Fathers of Zionism Benzion Netanyahu 2012 Presents the biographies of Zionist leaders Leo Pinsker, Theodor Herzl, Max Nordau, Israel Zangwill, and Ze'ev Jabotinsky, whose devotion to the movement culminated in the establishment of the state of Israel.
