Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become "indistractable?" International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing *Hooked*, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In *Indistractable*, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. *Indistractable* reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals:

- Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it
- What really drives human behavior and why "time management is pain

management" • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

with a bang but ends with a whimper. Rather its

contents and subject matters have been specially

designed to help a common man achieve maximum

command on the language in a very short time. The

most important part of this self-study course is

confidence building measures because it has been

found from the long experience that biggest problem in

the path of fluently speaking a foreign language is

hesitation, that arises out of lack of confidence. Many

people, who have good command over the language

and are well aware of its grammar and composition, can't

Speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home. #v&spublishers

A Foundation in Nepali Grammar Christopher Jay Manders 2007 This book is written for people who love life, for a classic romantic person with a tender heart and a strong feeling for a passionate and tender loving. For those forever young, whose lives are more than ordinary, but romantic with and fascinated by a loved one; which is present or absent. A weep for a lost one and the pursue of recovery. For those who love life, beyond the view of the normal existence. These are messages for the non-ordinary people, but for those special ones with emotional attachments, with high purity of love. For people with romantic involvement, to court, or to woo that special someone in his or her life. Because love is more than a word, it is a mysterious and magical power that involves everyone and changes our destinies forever. Love is a tender attachment between two lovers, which is so ardent, emotional, and with such strong fascination

and beautiful feelings that eventually you will be the object of such passion. Yes, you will be enamored, charmed, captivated, and in love with someone who is already out there looking for you; and when you look at that person, you will notice right away it's right there for you. You will be overcome in a swirl of intense desire, love, and passion, and you cannot do anything about it. Simply, it will be irresistible. Dan Vega
