

Texas Politics 12 Edition By Newell

Recognizing the mannerism ways to get this books Texas Politics 12 Edition By Newell is additionally useful. You have remained in right site to start getting this info. acquire the Texas Politics 12 Edition By Newell partner that we have enough money here and check out the link.

You could purchase lead Texas Politics 12 Edition By Newell or get it as soon as feasible. You could speedily download this Texas Politics 12 Edition By Newell after getting deal. So, similar to you require the ebook swiftly, you can straight get it. Its for that reason no question easy and in view of that fats, isnt it? You have to favor to in this heavens

Road, River, & Ol' Boy Politics Linda Scarbrough 2005 In Memory of Mary Dell Moore, Given by Claire Jones. (2007).

The Latina Advantage Christina E. Bejarano 2013-08-15 During the past decade, racial/ethnic minority women have made significant strides in U.S. politics, comprising large portions of their respective minority delegations both in Congress and in state legislatures. This trend has been particularly evident in the growing political presence of Latinas, yet scholars have offered no clear explanations for this electoral phenomenon—until now. In *The Latina Advantage*, Christina E. Bejarano draws on national public opinion datasets and a close examination of state legislative candidates in Texas and California to demonstrate the new power of the political intersection between race and gender. Underscoring the fact that racial/ethnic minority women form a greater share of minority representatives than do white women among white elected officials, Bejarano provides empirical evidence to substantiate previous theoretical predictions of the strategic advantage in the intersectionality of gender and ethnicity in Latinas. Her evidence indicates that two factors provide the basis for the advantage: increasingly qualified candidates and the softening of perceived racial threat, leading minority female candidates to encounter fewer disadvantages than their male counterparts. Overturning the findings of classic literature that reinforce stereotypes and describe minority female political candidates as being at a compounded electoral disadvantage, Bejarano brings a crucial new perspective to dialogues about the rapidly shifting face of America's electorate.

Lines in the Sand Steve Bickerstaff 2007-02-01 With eye-opening research, this book reveals the personal stories of members of both political parties who were involved in the 2003 Texas redistricting showdown.

Lambshead Before Interwoven Frances Mayhugh Holden 1982 The history of Lambshead Ranch which is located in Throckmorton and Shackelford counties, Texas. The Lambshead Ranch area was occupied by several persons, including Randolph March, Robert Neighbors, and Jesse Stem, an Indian agent, who established an Indian agency there. Stem was killed by Indians, and his wife oversaw expansion of the ranch. The ranch is named for Thomas Lambshead, born in 1805 in England, who emigrated to Texas around 1847. Thomas bought land in the nearby Round Mountain Creek area. Whether Thomas ever lived on Lambshead is not known. John A. Matthews located on Lambshead in 1897, and brought his family to the ranch in 1915.

Government and Politics of Texas Gary M. Halter 2003-05-16 By examining and comparing the Lone Star state to the rest of the nation, this text offers a broad understanding of the differences that make Texas unique. In this text, you will find: updated Texas election issues, an exploration of the historical and cultural development of Texas; discussion of the changing nature of government and politics in Texas, and in the U.S. that ties theory to the real world; Highlight boxes featuring lively anecdotes and every chapter now includes Internet resources. Brief (260 pages) and economical, this text will compliment any other material in American Government course. A Test Bank is available to instructors by emailing: julie_keck@mcgraw-hill.com.

Governing Codes Karrin Vasby Anderson 2005 Governing Codes examines the political identity of four contemporary U.S. political figures Democrats Ann Richards and Hillary Rodham Clinton and Republicans Christine Todd Whitman and Elizabeth Dole illustrating how metaphor plays a central role in the construction of public identity in U.S. politics. Anderson and Sheeler analyze how familiar narratives and stereotypes about women and power often govern media portrayals of public women, containing and constraining them, but also how these women mine the metaphorical landscape for rhetorical strategies they can use to accomplish their pragmatic goals.

Texas Politics 2015-2016 Chardean Newell 2015-01-01 TEXAS POLITICS: IDEAL AND REALITY critically compares Texas government and politics to the concepts of democratic theory by raising three main themes: democratic ideals, conservatism, and conflict. Lively presentation of material encourages students to consider controversial issues and debates. In the 2015-2016 Edition, new policy coverage, updates reflecting the Texas legislative session that ended in June 2014, and new "Texas Politics and You" features that ask students to become directly involved in current and contentious issues, often through social media, keep this book cutting edge. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Alaska Politics and Public Policy Clive S. Thomas 2016-09-15 The last book on Alaska politics came out over twenty years ago, long before the rise of the Tea Party and Sarah Palin and the decline of oil revenue and fisheries. With *Alaska Politics and Public Policy*, Clive Thomas has pulled together a diverse team of specialists to update and expand our understanding of the political and policy realities of Alaska. This comprehensive volume lays out a detailed map of a political landscape that's physically huge, environmentally diverse, and constrained in economics and population. This book, the most comprehensive on Alaska politics and public policy published to date, explores how beliefs, institutions, personalities, and power shape Alaska politics and public policies. Understanding how these elements interact helps explain why and how some issues get dealt with by government in Alaska, why others get little attention, why some are tackled but cannot be resolved, and why others are not addressed at all. Combining the human element with the interrelationships within the political system gets to the very nature of politics. The book ranges from covering the basics of Alaska politics to providing detailed treatments of the factors shaping politics and the operation of government to providing in-depth analysis of issues and policies. *Alaska Politics and Public Policy* provides a wide range of information and analysis to a broad readership—from those with very little knowledge of Alaska politics to Alaska politics junkies. The book also includes an extensive glossary of terms related to Alaska and its politics.

Two types of people were asked to contribute to the book: One group is political scientists and other social scientists. The other includes past and present state elected and appointed officials, as well as other political practitioners and observers, such as lobbyists and journalists. This combination of contributors enables the book to provide both conceptual and hands-on insights into its comprehensive coverage of topics ranging from the role of Alaska Natives to the influence of interest groups to the reality of the state's dependence on oil to the ambivalent attitude toward the federal government to the likely potential of the Arctic in Alaska's future.

Lee vs. McClellan Clayton R. Newell 2015-07-27 An examination of an important campaign between these two generals that set the scene for the pending war.

Texas Politics: Ideal and Reality Chardean Newell 2021-08-04 Packed with up-to-date coverage of the latest issues, *Newell/Prindle/Riddlesperger's TEXAS POLITICS: IDEAL AND REALITY*, 14th Edition, helps you see how state politics impact your everyday life. Timely and relevant, it explores the Texas government through the lenses of three main themes: the ideals of democratic theory, political conservatism and private influence over public policy. Thoroughly updated, it offers insightful coverage of the 2020 election results and their bizarre aftermath, voting versus abstention, immigration, climate change, the fight over mandatory child vaccinations, the ongoing debate surrounding capital punishment, the Legislature's increasing partisan polarization, the impact of the COVID-19 pandemic on state politics and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Texas Railroad Commission William R. Childs 2005 Before OPEC took center stage, one state agency in Texas was widely believed to set oil prices for the world. The Texas Railroad Commission (TRC) evolved from its founding in 1891 to a multi-divisional regulatory commission that oversaw not only railroads but also a number of other industries central to the modern American economy: petroleum production, natural gas utilities, and motor carriers (buses and trucks). William R. Childs's unprecedented study of the TRC from its founding until the mid-twentieth century extends our knowledge of commission-style regulation. It focuses on the interplay between business and regulators, between state and national regulatory commissions, and among the three branches of government through a process of "pragmatic federalism." Drawing on extensive primary research, Childs demonstrates that the alleged power of

regulatory commissions has been more constrained than most observers have recognized. As he shows, the myth of power was devised by the agency itself as part of building a civil religion of Texas oil. Together, the myth and the civil religion enabled the TRC to convince Texas oil operators to follow production controls and thus stabilized the American oil industry by the 1940s. The result of this fascinating study is a more nuanced understanding of federalism and of regulation, the forces shaping it, and its outcomes.

Twilight of the Texas Democrats Kenneth Bridges 2008-01-22 In 1978, Republican William P. Clements won the race for governor of the Lone Star State, marking the start of an interlude of two-party competition in the state. Eventually, Republican ascendancy would once again make Texas a "safe" place for a single party—but not the party that had dominated the state since the end of Reconstruction. At the time, observers asked whether the election of a Republican governor was a mere flash in the pan. For the previous twenty years, other races, at every level from national to local, had made inroads into Democratic strongholds, but that party's dominance by and large had held. In 1978, the situation changed. Now, historian Kenneth Bridges—drawing on polling data, newspaper reports, archival sources, and extensive interviews—both confirms the significance of the election and explains the many and complex forces at work in it. He analyzes a wide range of factors that includes the disaffection among Mexican American voters fanned by La Raza Unida, miscalculations by Democrat John Hill and his campaign staff, the superior polling techniques used by Clements, the unpopularity of the Democratic president, Jimmy Carter, the changing demographics of the state, and the unprecedented spending by the Clements team. In the process, Bridges describes not an ideological realignment among Texas voters, but a partisan one. Twilight of the Texas Democrats illuminates our understanding of both political science and regional history.

Dolph Briscoe Dolph Briscoe 2008-09 This autobiography of Dolph Briscoe, governor of Texas from 1973 until 1979 and one of the most respected businessmen in Texas, reveals how he played a crucial role in restoring public confidence in the integrity of state government.

Race and Class in Texas Politics Chandler Davidson 1990 The author brings mature understanding to the socio-economic factors that underlie the bewildering tangle of Texas politics.

Minnie Fisher Cunningham Judith N. McArthur 2003-10-16 Minnie Fisher Cunningham was Texas's most important female political activist. After directing Texas's woman suffrage campaign, she helped found the National League of Women Voters and the Woman's National Democratic Club. This is the biography of the lifelong politician affectionately known as Minnie Fish.

Tanner's Promise Kaylie Newell 2018-08-02 Tanner Harlow is a talented landscape designer, quietly building a name and a solid future when he finds himself needing to be the temporary guardian to his eleven-year-old half-sister. Tanner loves her, but can't see himself as a father figure or imagine how he's going to build his business during his busiest season with a child in tow until his newest client—his high school crush who still makes his heart pound—has a proposition that will help them both as long as Tanner can resist the tempting lure of the girl next door. Elementary school teacher Francie Tate moved back to Marietta to be close to her ailing father. She plans to settle in and fix up her little bungalow before the school year starts, but definitely needs help with the neglected yard. She's shocked when the landscaper she hired turns out to be a class mate. Tanner used to be shy in school, but he isn't the same kid anymore—he's tall, sexy, and has the most striking brown eyes she's ever seen. When Francie learns of Tanner's need for child care, she impulsively offers to watch his half-sister for the summer in return for some landscaping and renovations around the house. It seems like a win-win, but Francie didn't bargain on falling in love.

Gideon Lincecum's Sword Gideon Lincecum 2001 Gideon's letters provide a rich and detailed account of how one individual and his large extended family, all of whom were strongly committed to the Confederacy, kept up with the progress of the conflict and coped with the multitude of problems it created."

Practicing Texas Politics Eugene W. Jones 1986

America's Lone Star Constitution Lucas A. Powe Jr. 2018-04-27 Texas has created more constitutional law than any other state. In any classroom nationwide, any basic constitutional law course can be taught using nothing but Texas cases. That, however, understates the history and politics behind the cases. Beyond representing all doctrinal areas of constitutional law, Texas cases deal with the major issues of the nation. Leading legal scholar and Supreme Court historian Lucas A. Powe, Jr., charts the rich and pervasive development of Texas-inspired constitutional law. From voting rights to railroad regulations, school finance to capital punishment, poverty to civil liberties, this wide-ranging and eminently readable book provides a window into the relationship between constitutional litigation and ordinary politics at the Supreme Court, illuminating how all of the fiercest national divides over what the Constitution means took shape in Texas.

Tyranny Waller Randy Newell 2013-05-27 This is the first comprehensive exploration of ancient and modern tyranny in the history of political thought. Waller R. Newell argues that modern tyranny and statecraft differ fundamentally from the classical understanding. Newell demonstrates a historical shift in emphasis from the classical thinkers' stress on the virtuous character of rulers and the need for civic education to the modern emphasis on impersonal institutions and cold-blooded political method. The turning point is Machiavelli's call for the conquest of nature. Newell traces the lines of influence from Machiavelli's new science of politics to the rise of Atlanticist republicanism in England and America, as well as the totalitarian regimes of the twentieth century and their effects on the present. By diagnosing the varieties of tyranny from erotic voluptuaries like Nero, the steely determination of reforming conquerors like Alexander the Great and Julius Caesar and modernizing despots such as Napoleon and Ataturk to the collectivist revolutions of the Jacobins, Bolsheviks, Nazis, and Khmer Rouge, Newell shows how tyranny is every bit as dangerous to free democratic societies today as it was in the past.

Interest Group Politics in the Southern States Ronald J. Hrebennar 1992-07-30 This is the first volume comprehensively to explore the dynamics of political interest groups in the twelve southern states – the types of group, lobbyists and lobbying tactics, state regulation of lobbying activity, and the power they exert in the individual states. The authors bring a new dimension to the study of southern politics, which traditionally has emphasized electoral politics and the politics of race, and their work underscores the pivotal, and at times controlling, role played by interest groups.

Out of Darkness Ashley Hope Pérez 2015-09-01 A 2016 Michael L. Printz Honoree "This is East Texas, and there's lines. Lines you cross, lines you don't cross. That clear?" New London, Texas. 1937. Naomi Vargas and Wash Fuller know about the lines in East Texas as well as anyone. They know the signs that mark them. They know the people who enforce them. But sometimes the attraction between two people is so powerful it breaks through even the most entrenched color lines. And the consequences can be explosive. Ashley Hope Pérez takes the facts of the 1937 New London school explosion—the worst school disaster in American history—as a backdrop for a riveting novel about segregation, love, family, and the forces that destroy people.

Tyrants Waller R. Newell 2016-03-29 The forces of freedom are challenged everywhere by a newly energized spirit of tyranny, whether it is Jihadist terrorism, Putin's imperialism, or the ambitions of China's dictatorship, writes Waller R. Newell in this engaging exposé of a thousand dangers. We will see why tyranny is a permanent threat by following its strange career from Homeric Bronze Age warriors, through the empires of Alexander the Great and Rome, to the medieval struggle between the City of God and the City of Man, leading to the state-building despots of the Modern Age including the Tudors and 'enlightened despots' such as Peter the Great. The book explores the psychology of tyranny from Nero to Gaddafi, and how it changes with the Jacobin Terror into millenarian revolution. Stimulating and enlightening, Tyrants: A History of Power, Injustice, and Terror will appeal to anyone interested in the danger posed by tyranny and terror in today's world.

Lone Star Rising William C. Davis 2004 Originally published: New York: Free Press, 2004.

Of Duty Well and Faithfully Done Clayton R. Newell 2011-07-01 On the eve of the Civil War, the Regular Army of the United States was small, dispersed, untrained for large-scale operations, and woefully unprepared to suppress the rebellion of the secessionist states. Although the Regular Army expanded significantly during the war, reaching nearly sixty-seven thousand men, it was necessary to form an enormous army of state volunteers that overshadowed the Regulars and bore most of the combat burden. Nevertheless, the Regular Army played several critically important roles, notably providing leaders and exemplars for the Volunteers and managing the administration and logistics of the entire Union Army. In this first comprehensive study of the Regular Army in the Civil War, Clayton R. Newell and Charles R. Shrader focus primarily on the organizational history of the Regular Army and how it changed as an institution during the war, to emerge afterward as a reorganized and permanently expanded force. The eminent, award-winning military historian Edward M. Coffman provides a foreword.

Government and Politics in the Lone Star State L. Tucker Gibson Jr. 2015-01-30 Examine Texas politics in historical, economic, and demographic contexts Government and Politics in the Lone Star State guides students through the historical, economic, demographic, and political environment that has made Texas government and political culture what it is. Drawing on their experiences in political science, journalism, and consulting, Tucker Gibson, Clay Robison, and new coauthor Joanne Connor Green explain Texas's governmental institutions, the players who influence them, and how these factors compare to those in other states. The 2014 Elections and Updates Edition has been revised

to meet the outcomes instituted by the Texas education commission board, and includes updated content on the major issues in today's headlines to help students become informed voters and participants in Texas's dynamic policymaking process.

Texas Politics Edwin Larry Dickens 1996-08

Reconstruction to Reform Alwyn Barr 1971

Digital Government Darrell M. West 2005 Few developments have had broader consequences for the public sector than the introduction of the Internet and digital technology. In this book, Darrell West discusses how new technology is altering governmental performance, the political process, and democracy itself by improving government responsiveness and increasing information available to citizens. Using multiple methods--case studies, content analysis of over 17,000 government Web sites, public and bureaucrat opinion survey data, an e-mail responsiveness test, budget data, and aggregate analysis--the author presents the most comprehensive study of electronic government ever undertaken. Among other topics, he looks at how much change has taken place in the public sector, what determines the speed and breadth of e-government adoption, and what the consequences of digital technology are for the public sector. Written in a clear and analytical manner, this book outlines the variety of factors that have restricted the ability of policy makers to make effective use of new technology. Although digital government offers the potential for revolutionary change, social, political, and economic forces constrain the scope of transformation and prevent government officials from realizing the full benefits of interactive technology.

The Big Enchilada Stuart Stevens 2001 The author--a deep insider on the Bush campaign--shares intimate details of the Texas governor's rise to the presidency, from sketching strategy on a napkin to preparing for the all-important presidential debates.

Medicaid Reform and the American States Mark Ross Daniels 1998 Medicaid is the primary means for providing medical care to the nation's indigent and disabled populations. Daniels and his contributors examine the efforts of 16 states to reform their Medicaid programs through a system of "managed care"--programs that seek to control or manage the use by patients of physicians and other health care services.

Texas Politics Supplement for American Government Debra Dee St. John 2004

Twelve Mighty Orphans Jim Dent 2007-09-04 Jim Dent, author of the New York Times bestselling *The Junction Boys*, returns with his most powerful story of human courage and determination. More than a century ago, a school was constructed in Fort Worth, Texas, for the purpose of housing and educating the orphans of Texas Freemasons. It was a humble project that for years existed quietly on a hillside east of town. Life at the Masonic Home was about to change, though, with the arrival of a lean, bespectacled coach by the name of Rusty Russell. Here was a man who could bring rain in the midst of a drought. Here was a man who, in virtually no time at all, brought the orphans' story into the homes of millions of Americans. In the 1930s and 1940s, there was nothing bigger in Texas high school football than the Masonic Home Mighty Mites—a group of orphans bound together by hardship and death. These youngsters, in spite of being outweighed by at least thirty pounds per man, were the toughest football team around. They began with nothing—not even a football—yet in a few years were playing for the state championship on the highest level of Texas football. This is a winning tribute to a courageous band of underdogs from a time when America desperately needed fresh hope and big dreams. The Mighty Mites remain a notable moment in the long history of American sports. Just as significant is the depth of the inspirational message. This is a profound lesson in fighting back and clinging to faith. The real winners in Texas high school football were not the kids from the biggest schools, or the ones wearing the most expensive uniforms. They were the scrawny kids from a tiny orphanage who wore scarred helmets and faded jerseys that did not match, kids coached by a devoted man who lived on peanuts and drove them around in a smoke-belching old truck. In writing a story of unforgettable characters and great football, Jim Dent has come forward to reclaim his place as one of the top sports authors in America today. A remarkable and inspirational story of an orphanage and the man who created one of the greatest football teams Texas has ever known . . . this is their story—the original Friday Night Lights. "This just might be the best sports book ever written. Jim Dent has crafted a story that will go down as one of the most artistic, one of the most unforgettable, and one of the most inspirational ever. Twelve Mighty Orphans will challenge Hoosiers as the feel-good sports story of our lifetime. Naturally, being from Texas, I am biased. Hooray for the Mighty Mites." —Verne Lundquist, CBS Sports "Coach Rusty Russell and the Mighty Mites will steal your heart as they overcome every obstacle imaginable to become a respected football team. Take an orphanage, the Depression, and mix it with Texas high school football, and Jim Dent has authored another winner, this one about the ultimate underdog." —Brent Musburger, ABC Sports/ESPN "No state has a roll call of legendary high school football stories like we do in Texas, and, admittedly, some of those stories have been 'expanded' over the years when it comes to the truth. But let Jim Dent tell you about the Mighty Mites of Masonic Home, the pride of Fort Worth in the dark days of the Depression. Read this book. You will think it's fiction. You will think it's a Hollywood script. But Twelve Mighty Orphans is the truth, and nothing but. It is powerful stuff. Some eighty years later, the Mighty Mites' story remains so sacred, not even a Texan would dare tamper with these facts. And Jim Dent tells it like it was." —Randy Galloway, columnist, Fort-Worth Star Telegram

We Won't Back Down José Angel Gutiérrez 2005 On December 9, 1969, change was in the air. The small town of Crystal City, Texas would never be the same. After weeks of petitioning for a hearing with the Crystal City school board, students of Crystal City High and their parents descended on the superintendent's office. The students had been threatened with suspension and even physical violence. Powerful members of the community had insisted they would fire the parents of students if they went in front of the school board, and still, they came. Finally, the school board removed the chairs in the gallery, and the parents and students stood until members of the school board fled to avoid the confrontation. As the students and their parents stood in front of the building, a cry rose from the crowd. "Walk out. Walk out." So began the Crystal City High student walk out. At the center of the fervor was Severita Lara. Called la cabezuda, or stubborn girl, by her mother, Lara bore the mark of a leader from an early age. She was not afraid to stand up to anyone: girls or boys, teachers or superintendents. She always followed her father's advice, "If you know it's right, do it." José Angel Gutiérrez, the famous civil rights leader, chronicle's Lara's ascent from a willful child to the mayor of Crystal City. From her father's dotting support to her mother's steel-rod discipline, Gutiérrez offers a detailed portrait of the early family life of the woman whose continuing struggle against segregation and discrimination began while she was still a high school student in Crystal City. He also follows her attempts as a single mother to achieve her dream of being a doctor and providing for her sons. This is the story of la cabezuda, Severita Lara, who has made an indelible imprint on American history. JOSÉ ANGEL GUTIÉRREZ is the author of a memoir for young adults *The Making of a Civil Rights Leader: José Angel Gutiérrez* (Piñata Books, 2005); two works of social commentary, *A Chicano Manual on How to Handle Gringos* (Arte Público Press, 2003) and *A Gringo Manual on How to Handle Mexicans* (Arte Público Press, 1998); and a memoir for adults, *The Making of a Chicano Militant* (University of Wisconsin Press, 1998). He is the editor and translator of Reies López Tijerina's autobiography, *They Called Me King Tiger* (Arte Público Press, 2000). The founder and former director of the Center for Mexican American Studies at the University of Texas at Arlington, he is a professor of Political Science at the University of Texas at Arlington. He also practices law in Dallas, Texas, where he lives with his family.

Democracy in the Fifty States Kim Quail Hill 1994-01-01 The disillusionment of scholars and nonscholars alike who conclude that democracy in the United States has failed calls for an innovative examination of our democratic processes. Kim Quail Hill, arguing that these critics have been too hasty in their judgment, presents the first comprehensive assessment on the extent of achieved democratization. He examines the range of representative democracy in the states by comparing them on the key components of democracy indicated in empirical democratic theory—equal rights to vote, competitiveness among political parties, and the degree of mass participation. Building on empirical democratic theory and scholarship in comparative state politics, Hill follows the tradition of prominent cross-national studies to develop this intranational analysis of democratic processes. These analyses provide considerable evidence that the states vary substantially in the extent to which they approximate the democratic ideal. Hill begins with an evaluation of each of the primary components of democracy and how states fulfilled them. He also replicates this analysis for the late 1940s and the early 1980s, two periods chosen for their historical distinctiveness in terms of legal regimes relevant to democracy in the states. The preceding analysis results in comprehensive measures of democracy in the states. For readers skeptical of gauging such a complex concept as democratization, Hill provides an empirical demonstration of the validity and reliability of the measures. And, for critics who still ask "Does democracy deliver the goods?," he presents strong evidence that more-democratic states adopt more equitable policies for citizens' welfare and ensure a greater range of civil rights than do less-democratic states.

Surviving Dirty John Debra Newell 2021-08-31 NATIONAL INDIE EXCELLENCE AWARDS WINNER — TRUE CRIME Now that articles, podcasts, newsmagazines, and miniseries have had their sensationalistic say, Debra Newell, the one woman who truly knows what it was like to survive "Dirty John" Meehan shares the full story—the reality—with the world for the first time. Debra Newell is nothing if not a survivor. By the time she met John Michael Meehan online, she lived through a near-fatal childhood illness, an attempted rape in her 20s, the traumatic death of her sister at the hands of her brother-in-law, four failed marriages, and a litany of dating disasters. But despite those tragedies, she seemed to have it all: adoring children, a successful business, a fabulous penthouse apartment. But there was something missing: the blinding, all-consuming love she first read about to occupy her time in her childhood sickbed. And she thought she found it with John Meehan. More than a tabloid-ready true-crime expose, Debra's story is one of trauma, denial, and deception. But it is also a relatable, inspirational, and hopeful story of

forgiveness and, most of all, love. The lengths to which a woman will go to find—and keep—love; the boundaries children and parents cross to protect and save the people they love; the love one must find for oneself; and the ways the illusion of love can be used to manipulate and hurt. Told in Debra's words with the help of New York Times bestselling author M. William Phelps, this book is filled with exclusive stories about Debra and her family, previously unpublished photos, and the unvarnished, unapologetic, and unbelievable reality of Surviving Dirty John.

Straight from the Heart Ann Richards 1989 The author, Texas state treasurer and the keynote speaker at the 1988 Democratic National Convention, recounts her life and political career

Race and Class in Texas Politics Chandler Davidson 2021-02-09 This major work on Texas politics explores the complicated relations between the politically disorganized Texas blue-collar class and the "rich and the fabulously rich," whose interests have been protected by "brilliant practitioners of horse trading, guile, the jovial but serious threat, the offer that can't be refused."

Empty Mansions Bill Dedman 2014 A cousin of Huguette Clark and a Pulitzer Prize-winning journalist trace the life of the reclusive American heiress against a backdrop of the now-infamous W. A. Clark family and include coverage of the internet sensation and elder-abuse investigation that occurred at the end of her life.

Andrew Jackson Donelson Richard Douglas Spence 2021-04-30 This richly detailed biography of Andrew Jackson Donelson (1799-1871) sheds new light on the political and personal life of this nephew and namesake of Andrew Jackson. A scion of a pioneering Tennessee family, Donelson was a valued assistant and trusted confidant of the man who defined the Age of Jackson. One of those central but background figures of history, Donelson had a knack for being where important events were happening and knew many of the great figures of the age. As his uncle's secretary, he weathered Old Hickory's tumultuous presidency, including the notorious "Petticoat War." Building his own political career, he served as US chargé d'affaires to the Republic of Texas, where he struggled against an enigmatic President Sam Houston, British and French intrigues, and the threat of war by Mexico, to achieve annexation. As minister to Prussia, Donelson enjoyed a ringside seat to the revolutions of 1848 and the first attempts at German unification. A firm Unionist in the mold of his uncle, Donelson denounced the secessionists at the Nashville Convention of 1850. He attempted as editor of the Washington Union to reunite the Democratic party, and, when he failed, he was nominated as Millard Fillmore's vice-presidential running mate on the Know-Nothing party ticket in 1856. He lived to see the Civil War wreck the Union he loved, devastate his farms, and take the lives of two of his sons.
