On the Run in Nazi Berlin Bert Lewyn 2019-03-05 BERLIN, 1942. The Gestapo arrest eighteen-year-old Bert Lewyn and his parents, sending the latter to their deaths and Bert to work in a factory making guns for the Nazi war effort. Miraculously tipped off the morning the Gestapo round up all the Jews who work in the factories, Bert goes underground. He finds shelter sometimes with compassionate civilians, sometimes with people who find his skills useful and sometimes in the cellars of bombed-out buildings. Without proper identity papers, he survives as a hunted Jew in the flames and terror of Nazi Berlin in part by successfully mimicking non-Jews, even masquerading as an SS officer. But the Gestapo are hot on his trail... Before World War II, 160,000 Jews lived in Berlin. By 1945, only 3,000 remained alive. Bert was one of the few, and his thrilling memoir—from witnessing the famous 1933 book burning to the aftermath of the war in a displaced persons camp—offers an unparalleled depiction of the life of a runaway Jew caught in the heart of the Nazi empire.

Jungleland Christopher S. Stewart 2014-01-07 For fans of The Lost City of Z, The River of Doubt, and Lost in Shangri-La—a real-life Indiana Jones story, set in the mysterious jungles of Honduras. "I began to daydream about the jungle...." On April 6, 1940, explorer and future World War II spy Theodore Morde (who would one day attempt to assassinate Adolf Hitler), anxious about the perilous journey that lay ahead of him. Deep inside “the little Amazon,” the jungles of Honduras’s Mosquito Coast—one of the largest, wildest, and most impenetrable stretches of tropical land in the world—lies the fabled city of Ciudad Blanca: the White City. For centuries, it has lured explorers, including Spanish conquistador Herman Cortes. Some intrepid souls got lost within its dense canopy; some disappeared. Others never made it out alive. Then, in 1939, Theodore Morde claimed that he had located this El Dorado-like city. Yet before he revealed its location, Morde died under strange circumstances, giving credence to those who believe that the spirits of the Ciudad Blanca killed him. In Jungleland, Christopher S. Stewart seeks to retrace Morde’s steps and answer the questions his death left hanging. Is this lost city real or only a tantalizing myth? What secrets does the jungle hold? What continues to draw explorers into the unknown jungleland at such terrific risk? In this absorbing true-life thriller, journalist Christopher S. Stewart sets out to find answers—a white-knuckle adventure that combines Morde’s wild, enigmatic tale with Stewart’s own epic journey to find the truth about the White City.

Irma Grese - the Holocaust Wilbur Chindler 2016-04-18 The Incredible Life Of Irma Grese And The Holocaust: The Intriguing Life And History Of The Blonde Beast The two World Wars were standing testimony of man’s willingness to degenerate into cannibalistic beings; any attempt to justify a war is a useless one, if only because we cannot account for the millions of innocent people who lose their lives in the process. It isn’t just the soldiers who die; from political prisoners to the innocent women and children who are not at the forefront are also killed mercilessly, especially when territory is annexed. Ironically, over the years, we have become so used to the idea of such mass destruction that it has all turned into simple statistics and numbers that vaguely float on the pages of some newspaper somewhere. The two World Wars in particular have gone down in history books as facts and figures, and we often find it hard to associate a single person with the atrocities that are committed in the name of national fervour. In this book, I have described the particulars of the Second World War and the rise of Nazism, from the very singular perspective of Irma Grese, who was one of the perpetrators of the violence. It is my hope that by dissecting the life of a single individual, especially that of an executioner’s and not an innocent victim’s, we can understand the true horrors of war and racial discrimination that destroys so many thousands of families and lives.

If This Is A Woman Sarah Helm 2015-01-15 Winner of the Longman-History Today Book Prize: A ‘profoundly moving chronicle’ (Observer) that tells the story of Ravensbrück, the only concentration camp designed specifically for women, using new testimony from survivors On a sunny morning in May 1939 a phalanx of 800 women - housewives, doctors, opera singers, politicians, prostitutes - were marched through the woods fifty miles north of Berlin, driven on past a shining lake, then herded through giant gates. Whipping and kicking them were scores of German women guards. Their destination was Ravensbrück, a concentration camp designed specifically for women by Heinrich Himmler, prime architect of the Nazi genocide. For decades the story of Ravensbrück was hidden behind the Iron Curtain and today is still little known. Using testimony unearthed since the end of the Cold War, and interviews with survivors who have never spoken before, Helm has ventured into the heart of the camp, demonstrating for the reader in riveting detail how easily and quickly the unthinkable horror evolved. 'It not only fills a gap in Holocaust history but it is an utterly compelling read' Taylor Downing, History Today 'A sense of urgency infuses this history, which comes just in time to gather the testimony of the camp’s survivors . . . meticulous, unblinking . . . [Helm’s] book comes not a moment too soon' The Economist

Mengele: Unmasking the "Angel of Death" David G. Marwell 2020-01-28 A gripping biography of the infamous Nazi doctor, from a former Justice Department official tasked with uncovering his fate. Perhaps the most notorious war criminal of all time, Josef Mengele was the embodiment of bloodless efficiency and passionate devotion to a grotesque worldview. Aided by the role he has assumed in works of popular culture, Mengele has come to symbolize the Holocaust itself as well as the failure of justice that allowed countless Nazi murderers and their accomplices to escape justice. Whether as the demonic doctor who directed mass killings or the elusive fugitive who escaped capture, Mengele has loomed so large that even with conclusive proof, many refused to believe that he had died. As chief of investigative research at the Justice Department’s Office of Special Investigations in the 1980s, David G. Marwell worked on the Mengele case, interviewing his victims, visiting the scenes of his crimes, and ultimately holding his bones in his hands. Drawing on his own experience as well as new scholarship and sources, Marwell examines in scrupulous detail Mengele’s life and career. He chronicles Mengele’s university studies, which led to two PhDs and a promising career as a scientist; his wartime service both in frontline combat and at Auschwitz, where his “selections” sent innumerable innocents to their deaths and his “scientific” pursuits—including his studies of twins and eye color—traumatized or killed countless more; and his postwar flight from Europe and refuge in South America. Mengele describes the international search for the Nazi doctor in 1985 that ended in a cemetery in Sao Paulo, Brazil, and the dogged forensic investigation that produced overwhelming evidence that Mengele had died—but failed to convince those who, arguably, most wanted him dead. This is the riveting story of science without limits, escape without freedom, and resolution without justice.

Hitler’s Children Gerald L. Posner 1992-01

The Irish in the American Civil War Damian Shiels 2013-02-13 Just under 200,000 Irishmen took part in the American Civil War, making it one of the most significant conflicts in Irish history. Hundreds of thousands more were affected away from the battlefield, both in the US and in Ireland itself. The Irish contribution, however, is often only viewed through the lens of famous units such as the Irish Brigade, but the real story is much more complex and fascinating. From the Tipperary man who was the first man to die in the war, to the Corkman who was the last General mortally wounded in action; from the flag bearer who saved his regimental colours at the cost of his arms, to the Roscommon man who led the hunt for Abraham Lincoln’s assassin, what emerges in this book is a catalogue of gallantry, sacrifice and bravery.

The Secret Holocaust Diaries 2011-03-21 The author documents her experiences during World War II through a secret diary she kept during her time in a concentration camp and the years following the war.

The Auschwitz Photographer Luca Crippa 2021-09-07 The Nazis asked him to swear allegiance to Hitler, betraying his country, his friends, and everything he believed in. He refused. Poland, 1939. Professional photographer Wilhelm Brasse is deported to Auschwitz-Birkenau and finds himself in a deadly race to survive, assigned to work as the camp’s intake photographer and take "identity pictures" of prisoners as they arrive by the trainload. Brasse soon discovers his photography skills are in demand from Nazi guards as well, who ask him to take personal portraits for them to send to their families and girlfriends. Behind the camera, Brasse is safe from the terrible fate that so many of his fellow prisoners meet. But over the course of five years, the horrifying scenes his lens capture, including inhumane medical "experiments" led by Josef Mengele, change Brasse forever. Based on the true story of Wilhelm Brasse, The Auschwitz Photographer is a stark black-and-white reminder of the horrors of the Holocaust. This gripping work of World War II narrative nonfiction takes readers behind the barbed wire fences of the world’s most feared concentration camp, bringing Brasse’s story to life as he clicks the shutter button thousands of times before ultimately joining the Resistance, defying the Nazis, and defiantly setting down his camera for good.

Hell’s Cartel Diarmuid Jeffreys 2010-01-05 The remarkable rise and shameful fall of one of the twentieth century’s greatest conglomerates At its peak in the 1930s, the German chemical conglomerate IG Farben was one of the most powerful corporations in the world. To this day, companies formerly part of the Farben cartel—the aspirin-maker Bayer, the graphics supplier Agfa, the plastics giant BASF—continue to play key roles in the global market. IG Farben itself, however, is remembered mostly for its infamous connections to the Nazi Party and its complicity in the atrocities of the Holocaust. After the war, Farben’s leaders were tried for crimes that included mass murder and exploitation of slave labor. In Hell’s Cartel, Diarmuid Jeffreys presents the first comprehensive account of IG Farben’s rise and fall, tracing the enterprise from its nineteenth-century origins, when the discovery of synthetic dyes gave rise to a vibrant new industry, through the upheavals of the Great War era, and on to the company’s fateful role in World War II. Drawing on extensive research and original interviews, Hell’s Cartel sheds new light on the codependence of industry and the Third Reich, and offers a timely warning against the dangerous merger of politics and the pursuit of profit.

The Belzec Death Camp Chris Webb 2016-03-01 This book is a comprehensive account of the Belzec death camp in Poland which was the first death camp using static gas chambers as part of the Aktion Reinhardt mass murder program. This study covers the construction and the development of the mass murder process. The story is painstakingly told from all sides, the Jewish inmates, the perpetrators, and the Polish inhabitants of Belzec village, who lived near the factory of death. A major part of this work is the Jewish Roll of Remembrance, that covers the few survivors and details of some of the Jews among the many hundreds of thousands who perished in Belzec. The book is richly illustrated with historical and modern photographs, as well as documents and drawings, some of the photographs have never before been seen in public.

Pharma Gerald Posner 2021-04-13 "Exorbitant prices for lifesaving drugs, safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in pharmaceutical companies. Now, Americans are demanding national reckoning with a monolithic industry. In Pharma, award-winning journalist and New York Times best-selling author Gerald Posner uncovers the real story of the Sacklers, the family that became one of America’s wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the centure of the opioid crisis. The unexpected twists and turns of the Sakler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. Pharma reveals how and why American drug companies have put earnings ahead of patients"--

Irma Grese - "The Beast of Belsen" & Other Twisted Female Guards of Concentration Camps Tyler Gibson 2017-04-06 When you think about the holocaust, what is the first thing that comes to mind? Are your thoughts about the millions of innocent Jewish people who died needlessly because of a narrow minded political party? Maybe your first thoughts are of an extremely short many with a wicked heart, named Adolf Hitler. It also conjures images of those responsible, sharp-dressed chisel-faced officers of the Nazi SS, presiding over this atrocity, this nightmare they created, the nightmare they condoned, and the horrible acts that they carried out while wearing stony expressions of cold detachment. There was no human compassion in their actions. There was no question of decency or shame, only a touch of defiance and the empty indifference of self-righteous apathy, combined with a complete lack of respect for human dignity, humanity, or human life. There was no human compassion, whatsoever. It was as if the Nazis suddenly forgot that Jewish people were human beings.

The Theory and Practice of Hell Eugen Kogon 2006-09-19 By the spring of 1945, the Second World War was drawing to a close in Europe. Allied troops were sweeping through Nazi Germany and discovering the atrocities of SS concentration camps. The first to be reached intact was Buchenwald, in central Germany. American soldiers struggled to make sense of the shocking scenes they witnessed inside. They asked a small group of former inmates to draft a report on the camp. It was led by Eugen Kogon, a German political prisoner who had been an inmate since 1939. The Theory and Practice of Hell is his classic account of life inside. Unlike many other books by survivors who published immediately after the war, The Theory and Practice of Hell is more than a personal account. It is a horrific examination of life and death inside a Nazi concentration camp, a brutal world of a state within state, and a society without law. But Kogon maintains a dispassionate and critical perspective. He tries to understand how the camp works, to uncover its structure and social organization. He knew that the book would shock some readers and provide others with gruesome fascination. But he firmly believed that he had to show the camp in honest, unflinching detail. The result is a unique historical document—a complete picture of the society, morality, and politics that fueled the systematic torture of six million human beings. For many years, The Theory and Practice of Hell remained the seminal work on the concentration camps, particularly in Germany. Reissued with an introduction by Nikolaus Waschmann, a leading Holocaust scholar and author of Hitler’s Prisons, this important work now demands to be re-read.

The Saboteur of Auschwitz Colin Rushton 2019-07-11 In 1942, young British soldier Arthur Dodd was taken prisoner by the German Army and transported to Oswiecim in Polish Upper Silesia. The Germans gave it another name, now synonymous with mankind’s darkest hours. They called it Auschwitz. Forced to do hard labour, starved and savagely beaten, Arthur thought his life would end in Auschwitz. Determined to go down fighting, he sabotaged Nazi industrial work, risked his life to alleviate the suffering of the Jewish prisoners and aided a partisan group planning a mass break-out. This shocking true story sheds new light on the operations at the camp, exposes a hierarchy of prisoner treatment by the SS and presents the largely unknown story of the military POWs held there.

Architect of Death at Auschwitz John W. Primomo 2020-07-16 Rudolf Hoss has been called the greatest mass murderer in history. As the longest-serving commandant of Auschwitz, he supervised the killing of more than 1.1 million people. Unlike many of his Nazi colleagues who denied either knowing about or participating in the Holocaust, Hoss remorselessly admitted, both at the Nuremberg war crimes trial and in his memoirs, that he sent hundreds of thousands of Jews to their deaths in the gas chambers, frankly describing the killing process. His "innovations" included the use of hydrogen cyanide (derived from the pesticide Zyklon B) in the camp’s gas chambers. Hoss lent his name to the 1944 operation that gassed 430,000 Hungarian Jews in 56 days, exceeding the capacity of the Auschwitz’s crematoria. This biography follows Hoss throughout his life, from his childhood through his Nazi command and eventual reckoning at Nuremberg. Using historical records and Hoss’ autobiography, it explores the life and mind of one of history’s most notorious and sadistic individuals.

A Time to Risk All Clodagh Finn 2017-10-13 Clodagh Finn has travelled throughout Europe to piece together the story of this remarkable, unknown Irish woman, meeting many of those children Mary Elmes saved. Here, in a book packed with courage, heroism, adventure and tragedy, her story is finally remembered. The children called her ‘Miss Mary’, and they remember her kindness still. She gave them food and shelter and later risked her life to help them escape the convoys bound for Auschwitz. Turning her back on a brilliant academic career, Mary Elmes ventured into a war zone to help children in the Spanish Civil War. In 1939, she fled Franco’s forces but continued to work with refugees in France when the Second World War broke out. In 1942, when it became evident that Jews were being deported to their deaths, she smuggled children to safety in the boot of her car. She was arrested and imprisoned by the Gestapo, but went straight back to work after her release. When the war was over, Mary married and settled down, never speaking about what she had done. Her story was forgotten. In A Time to Risk All her remarkable story is finally remembered as it should be. 'A compelling portrait of an unsung Irish heroine of two wars' Madeleine Keane, Literary Editor, Sunday Independent 'Brings to light the life of Mary Elmes, showing a remarkable, independent and courageous woman whose compassion knew no borders.' Yvonne Altman O’Connor, Culture and Education Director, Irish Jewish Museum

By Chance Alone Max Eisen 2020-01-07 An award-winning, internationally bestselling Holocaust memoir in the tradition of Elie Wiesel’s Night and Primo Levi’s Survival in Auschwitz In the spring of 1944, gendarmes forcibly removed Tibor “Max” Eisen and his family from their home, brought them to a brickyard and eventually loaded

them onto crowded cattle cars bound for Auschwitz-Birkenau. At fifteen years of age, Eisen survived the selection process and was inducted into the camp as a slave laborer. More than seventy years after the Nazi camps were liberated by the Allies, *By Chance Alone* details Eisen's story of survival: the backbreaking slave labor in Auschwitz I, the infamous death march in January 1945, the painful aftermath of liberation and Eisen's journey of physical and psychological healing. Ultimately, the book offers a message of hope as the author finds his way to a new life.

Last Stop Auschwitz Eddy de Wind 2020-01-21 Written in Auschwitz itself and translated for the first time ever into English, this one-of-a-kind, minute-by-minute true account is a crucial historical testament to a Holocaust survivor's fight for his life at the largest extermination camp in Nazi Germany. "We know that there is only one ending to this, only one liberation from this barbed wire hell: death." -- Eddy de Wind In 1943, amidst the start of German occupation, Eddy de Wind worked as a doctor at Westerbork, a Dutch transit camp. His mother had been taken to this camp by Nazis but Eddy was assured by the Jewish Council she would be freed in exchange for his labor. He later found out she'd already been transferred to Auschwitz. While at Westerbork, he fell in love with a woman named Friedel and they married. One year later, they were transported to Auschwitz. Upon arrival, Friedel and Eddy were separated -- Eddy forced to work as a medical assistant in one barrack, Friedel at the mercy of Nazi experimentation in a nearby block. Sneaking moments with his beloved and communicating whenever they could, Eddy longed for the day he could be free with Friedel. . . . Written in the camp itself in the weeks following the Red Army's liberation of the camp, *Last Stop Auschwitz* is the raw, true account of Eddy's experiences at Auschwitz. In stunningly poetic prose, he provides unparalleled access to the horrors he faced in the concentration camp. Including photos from Eddy's life before, during, and after the Holocaust, this poignant memoir is at once a moving love story, a detailed portrayal of the atrocities of Auschwitz, and an intelligent consideration of the kind of behavior -- both good and evil -- people are capable of. Never before published in English, this book is a vital and enduring document: a testament to the strength of the human spirit, and a warning against the depths we can sink to when prejudice is given power.

Death in the City of Light David King 2011 Documents the World War II effort to catch a physician serial killer in Paris, describing the covert information network that the chief French detective built with such groups as mobsters, nightclub owners, and Resistance fighters.

The Death Marches Daniel Blatman 2011-05-03 Blatman writes about the end phase of the German concentration camp system when the Nazis, realizing that they were losing the war, were faced with the enormous problem of what to do with the people being held captive. As these camps were being evacuated, the collapse of the front in Poland and the advance of the Red Army generated frantic waves of flight and the evacuation of millions of civilians and soldiers. The panicky retreat created conditions under which prisoners were murdered in horrific death marches. Gas chambers in faraway camps were no longer in use, and now the slaughters took place on the very doorsteps of ordinary German civilians' homes and in the streets German and Austrian towns. Unknown numbers of ordinary civilians across the dissolving Reich, fearing for the fate of their families and property, participated in the lethal eruption of violence. The book is divided into two sections. The first part provides an detailed overview of the camp system and a thorough chronological treatment of the camp evacuations during the winter of 1944-45 and the spring of 1945. The second part is a case study of the atrocity in the German town of Gardelegen where over 1000 prisoners were murdered, along with about 400 in the surrounding villages. This event serves as a focused example of the breakdown of the evacuation plans at the end of the war.

Our Crime Was Being Jewish Anthony Pitch 2015-04-28 The harrowing memories of 358 Holocaust survivors—from the ghettos to the concentration camps. “One of the most important books of our time.” —National Archives In the shouted words of a woman bound for Auschwitz to a man about to escape from a cattle car, “If you get out, maybe you can tell the story! Who else will tell it?” These are the true, insider stories of victims, told in their own words. They include the experiences of teenagers who saw their parents and siblings sent to the gas chambers; of starving children beaten for trying to steal a morsel of food; of people who saw their friends commit suicide to save themselves from the daily agony they endured. The recollections are from the start of the war—the home invasions, the Gestapo busts, and the ghettos—as well as the daily hell of the concentration camps and what actually happened inside. Six million Jews were killed in the Holocaust. This hefty collection of stories was compiled by award-winning author Anthony S. Pitch, who worked with sources such as the United States Holocaust Memorial Museum to get survivors' stories compiled together and to supplement them with images from the war. These memories must be told and held onto so what happened is documented; so the lives of those who perished are not forgotten—so history does not repeat itself.

A Detail of History 2015

Surviving the Angel of Death Eva Mozes Kor 2020-10-13 Eva Mozes Kor was just ten years old when she arrived in Auschwitz. While her parents and two older sisters were taken to the gas chambers, she and her twin, Miriam, were herded into the care of the man known as the Angel of Death, Dr. Josef Mengele. Subjected to sadistic medical experiments, she was forced to fight daily for her and her twin's survival. In this incredible true story written for young adults, readers learn of a child's endurance and survival in the face of truly extraordinary evil and Eva's recovery and her controversial but often misunderstood decision to publicly forgive the Nazis. Readers will learn of how she triumphed over unfathomable pain and suffering into a life-long work for peace, human rights, and Holocaust education. The new edition provides interesting details and important context to the events related in the original story. A new Afterword by publisher Peggy Porter Tierney offers a richer portrayal of Eva as a person, the truth behind the controversies, and the eventful last ten years of her life.

Case Closed Gerald Posner 2013-10-01 Pulitzer Prize Finalist: “By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not.” —The New York Times Book Review The Kennedy assassination has reverberated for five decades, with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, “Fifty years after the assassination, the biggest casualty has been the truth.” In this first-ever digital edition of his classic work, updated with a special comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews, and filled with powerful historical detail, *Case Closed* is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy.

After Auschwitz Eva Schloss 2013-04-11 Eva was arrested by the Nazis on her fifteenth birthday and sent to Auschwitz. Her survival depended on endless strokes of luck, her own determination and the love and protection of her mother Fritzi, who was deported with her. When Auschwitz was liberated, Eva and Fritzi began the long journey home. They searched desperately for Eva's father and brother, from whom they had been separated. The news came some months later. Tragically, both men had been killed. Before the war, in Amsterdam, Eva had become friendly with a young girl called Anne Frank. Though their fates were very different, Eva's life was set to be entwined with her friend's for ever more, after her mother Fritzi married Anne's father Otto Frank in 1953. This is a searingly honest account of how an ordinary person survived the Holocaust. Eva's memories and descriptions are heartbreakingly clear, her account brings the horror as close as it can possibly be. But this is also an exploration of what happened next, of Eva's struggle to live with herself after the war and to continue the work of her step-father Otto, ensuring that the legacy of Anne Frank is never forgotten.

The Pharmacist of Auschwitz Patricia Posner 2017-01-18 "This is the little known story of Victor Capesius, a Bayer pharmaceutical salesman from Romania who, at the age of 35, joined the Nazi SS in 1943 and quickly became the chief pharmacist at Auschwitz. There he dispensed drugs for horrific medical experiments, managed the poisonous gas that killed millions, and performed life and death selections of arriving transports of Jews."--Back cover.

The Great Escape Kati Marton 2006-10-17 Extravagantly praised by critics and readers, this stunning story by bestselling author Kati Marton tells of the breathtaking journey of nine extraordinary men from Budapest to the New World, what they experienced along their dangerous route, and how they changed America and the world. This is the unknown chapter of World War II: the tale of nine men who grew up in Budapest's brief Golden Age, then, driven from Hungary by anti-Semitism, fled to the West, especially to the United States, and changed the world. These nine men, each celebrated for individual achievements, were part of a unique group who grew up in a time and place that will never come again. Four helped usher in the nuclear age and the computer, two were major movie myth-makers, two were immortal photographers, and one was a seminal writer. The Great Escape is a groundbreaking, poignant American story and an important untold chapter of the tumultuous last century.

Your Pharmacist Is a Whore Kim Ankenbruck 2018-09-11 If you think the big retail pharmacy chains and hospital corporations are concerned about your safety, think again. Today's pharmacists are struggling to keep patients safe while meeting the ever escalating demands of their employers. In her book "Your Pharmacist is a Whore, How pharmacists lost control of their profession and why you should care," Kim Ankenbruck, a 34 year pharmacy veteran, points out the danger you face every time you get a prescription or medication order filled. While pharmacists are incredibly detail oriented and excellent multitaskers by nature, the current workplace is chaotic and stressful due to the increased demands of upper management, coupled with staff cuts and the promotion of non pharmacist personnel over the pharmacists. At the end of the book, Kim provides contact information and sample letters you can send to both government agencies and the CEO's of the various chain pharmacies. The letters bring up many of the issues experienced by patients, as well as holding the powers that be accountable for their part in these shortcomings and demanding that they clean up their act. This book is a call to action for pharmacists and patients to stand up and push for positive change in the healthcare system, as well as an informative behind the scenes look at the profession and business of pharmacy.

The Druggist of Auschwitz Dieter Schlesak 2011-04-26 Dieter Schlesak's haunting novel *The Druggist of Auschwitz*—beautifully translated from the German by John Hargraves—is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike. Adam, known as "the last Jew of Schäßburg," recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp. Through Adam's fictional narrative and excerpts of actual testimony from the Frankfurt Auschwitz Trial of 1963–65, we come to learn of the true-life story of Dr. Victor Capesius, who, despite strong friendships with Jews before the war, quickly aided in and profited from their tragedy once the Nazis came to power. Interspersed with historical research and the author's face-to-face interviews with survivors, the novel follows Capesius from his assignment as the "sorter" of new arrivals at Auschwitz—deciding who will go directly to the gas chamber and who will be used for labor—through his life of lavish wealth after the war to his arrest and eventual trial. Schlesak's seamless incorporation of factual data and testimony—woven into Adam's dreamlike remembrance of a world turned upside down—makes *The Druggist of Auschwitz* a vital and unique addition to our understanding of the Holocaust.

Nine Suitcases Béla Zsolt 2004 A compelling memoir of the Holocaust in which the author recalls harrowing experiences in the ghetto and as a forced laborer in the Ukraine, furnishing a shocking study of fascism in Hungary and of human cruelty.

No Hormones, No Fear Trisha Posner 2007-12-18 Five years ago, at the age of forty-six, Trisha Posner was surprised to learn from a blood test that she was in full-blown menopause. Her gynecologist urged her to begin hormones immediately, but, mindful of her family's history of breast cancer, she refused. *No Hormones, No Fear* is the story of Posner's search for an alternative to the AMA's sanctioned regimen of hormone replacement therapy. In a wonderfully engaging personal account, she reveals how she mastered menopause naturally, by developing a unique program involving exercise, diet, nutrition, and herbs. She not only successfully alleviated her symptoms but actually significantly improved her health and quality of life. Now updated with the latest major medical studies, which raise troubling questions about estrogen replacement for millions of women, *No Hormones, No Fear* is an indispensable primer for women confronting the thicket of conflicting information about whether or not to choose hormones during menopause. Trisha Posner, through her own inspiring story, shows that today's modern women finally have choices and can empower themselves by taking control of their health and lives.

Mengele Gerald L. Posner 2000-08-08 Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghastly human experiments (twins were Mengele's particular obsession). With authority and insight, Mengele examines the entire life of the world's most infamous doctor.

God's Bankers Gerald Posner 2015-02-03 A deeply reported, New York Times bestselling exposé of the money and the clerics-turned-financiers at the heart of the Vatican—the world's biggest, most powerful religious institution—from an acclaimed journalist with "exhaustive research techniques" (*The New York Times*). From a master chronicler of legal and financial misconduct, a magnificent investigation nine years in the making, *God's Bankers* traces the political intrigue of the Catholic Church in "a meticulous work that cracks wide open the Vatican's legendary, enabling secrecy" (*Kirkus Reviews*). Decidedly not about faith, belief in God, or religious doctrine, this book is about the church's accumulation of wealth and its byzantine financial entanglements across the world. Told through 200 years of prelates, bishops, cardinals, and the Popes who oversee it all, Gerald Posner uncovers an eyebrow-raising account of money and power in one of the world's most influential organizations. *God's Bankers* has it all: a revelatory and astounding saga marked by poisoned business titans, murdered prosecutors, and mysterious deaths written off as suicides; a carnival of characters from Popes and cardinals, financiers and mobsters, kings and prime ministers; and a set of moral and political circumstances that clarify not only the church's aims and ambitions, but reflect the larger tensions of more recent history. And Posner even looks to the future to surmise if Pope Francis can succeed where all his predecessors failed: to overcome the resistance to change in the Vatican's Machiavellian inner court and to rein in the excesses of its seemingly uncontrollable financial quagmire. "As exciting as a mystery thriller" (*Providence Journal*), this book reveals with extraordinary precision how the Vatican has evolved from a foundation of faith to a corporation of extreme wealth and power.

100 Mistakes that Changed History Bill Fawcett 2010-10-05 Collected in one volume, here are backfires and blunders that collapsed empires, crashed economies, and altered the course of the world. From the Maginot Line to the Cuban Missile Crisis, history is filled with bad moves and not-so-bright ideas that snowballed into disasters and unintended consequences. This engrossing book looks at one hundred such tipping points. Japan bombs Pearl Harbor. The Caliphs of Baghdad spend themselves into bankruptcy. The Aztecs greet the Conquistadors with open arms. Mexico invites the Americans to Texas-and the Americans never leave. And the rest is history...
