Blade Repair Manual United Aircraft Corporation. Hamilton Standard Propellers Division 1947

FACTOR FILE CONVERSION 1964 This revision of NREC Technical Manual No. 144 (PARM10 - Factor File Conversion) supersedes the manual dated June 1963, due to the fact that several modifications have been made to the Factor File Conversion Routine. The areas of the program which have been modified deal with the table parameters, the activity parameters, and the ancillary vector factors. The purpose of the Factor File Conversion computer program is to convert factor records from their maintenance format into the format required for computation. The inputs to the routine are a file of factor records in maintenance format (PARMMF tape), and either one or two j\*] concordance files (PARMJJ tapes). The output from the routine is a file of factor records in computational format (PARMCF) for use by the PARM central routine. Section V-A5 of the PARM Formulation Manual provides guidance in the use of the program. (Author).

WWII U. S. Army Air Forces Pilot's Information File U.S. Army Air Forces 2008-07-01 Originally printed in 1943, this Pilots' Information File was standard issue for the men of the U.S. Army Air Forces during WWII. In its pages you will find a wide-ranging discussion of aviation topics, from flight safety, to air space rules, dive recovery, how to deal with engine failure, icing, how to bail out, and even how to ditch a B-17 bomber. This high-quality, soft-bound reprint features the original text in its entirety, and has attractive full color covers.

Teaching on the Education Frontier Kristin Kipp 2013-06-04 A groundbreaking guide to facilitating online and blended courses This comprehensive resource offers teachers in grades K-12 a hands-on guide to the rapidly growing field of online and blended teaching. With clear examples and explanations, Kristin Kipp shows how to structure online and blended courses for student engagement, build relationships with online students, facilitate discussion boards, collaborate online, design online assessments, and much more. Shows how to create a successful online or blended classroom Illustrates the essential differences between face-to-face instruction and online teaching Foreword by Susan Patrick of the International Association for K-12 Online Learning This is an essential handbook for learning how to teach online and improve student achievement.
