Best Behavior Wendy Francis 2020-05-05 "A delicious family drama; look no further for your perfect poolside read!" —Jamie Brenner, bestselling author of *The Forever Summer* A Lee Woodruff "Book Marks" Pick * A Liz and Lisa Best Book of May * A Zibby Owens Recommended Summer Read Meredith Parker has made the journey to Bolton, her twins' college, dozens of times. This weekend, though, is different. Dawn and Cody are about to graduate and move away to separate corners of the country. Meredith is proud of her kids, and she's proud of herself for helping them get this far. She just never expected the tidal wave of emotions sweeping over her—or the tangled family dynamics complicating everything. Meredith doesn't miss her cheating ex, Roger, one bit, but sitting across from his very young, very gorgeous second wife threatens to unravel the graceful facade she's trying so hard to maintain. Joel, Meredith's husband, can see she's feeling the first pangs of empty-nest syndrome and wants to soften the blow—but he's distracted by a familiar face. Meanwhile, Cody and Dawn are sitting on their own secrets, and Roger's new wife, Lily, wonders if she really wants to be a part of this wild, mixed-up family. As tensions simmer with each passing appetizer tray, Meredith's vision of the perfect weekend goes up in flames. But before the party's over, as best behavior gives way to brutal honesty, there'll be a chance for this new blended family to truly come together—in all its messy and glorious imperfection. "A delightful, smartly paced read written with grace, depth and

humor.” —Meg Mitchell Moore, author of *The Islanders*

CPR/AED for the Professional Rescuer American Red Cross 2006 This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest.

Professional rescuers are now trained to use AEDs on adults and children.

Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED.

Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.

International Lifeguard Training Program Ellis & Associates 2011-03 Covers lifeguarding responsibilities along with information on such topics as rescue breathing, CRP and AED, supplemental oxygen support, spinal injury management, handling risks, and professionalism.

Of Men and Mountains William Douglas 2013-04-16 William O. Douglas was one of that rare mix of man that helped define America, a judge of the supreme court and also a lifelong outdoorsman. This is his story in his words and conveys the joy he felt for the wild untouched vastness of the great forests and the high snow capped peaks which he pitted himself against. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Verdun Affair Nick Dybek 2018-06-12 Across a continent still reeling from World War I, a "ravishingly beautiful" (Paula McClain) story about a love affair between two Americans and the lie that changes everything. France, 1921—Tom, a young American orphaned in World War I, is helping comfort the grieving families who travel through Verdun, seeking answers about their loved ones. But nothing in his past—not his rough Chicago childhood nor his experiences driving ambulances across French battlefields—can prepare Tom for the arrival of Sarah Hagen. From the moment he meets her, a disarmingly magnetic woman looking for news of her missing husband, he knows he will help her in any way he can—even if that means crossing an unforgivable line. As their affair takes them across a fractured Europe

careening toward World War 2, Tom and Sarah learn how love can be both a cure for—and a distraction from—the realities of a world turned upside down. But they can only hide from the truth for so long. When news of an amnesiac soldier in Bologna reaches Tom in Paris, he sets off as a journalist to uncover the story, only to find Sarah at the soldier's bedside, hopeful as ever. Both are surprised to encounter an Austrian journalist named Paul with his own interest in the amnesiac. As they confront the past, Tom's actions come back to haunt him, and each is forced to make a choice that will change their lives forever. A deeply transporting novel about love and identity, truth and consequences, *The Verdun Affair* is a page-turning and vividly imagined "literary romance... [that] unravels a love triangle and its players' secrets" (Los Angeles Times).

Surfer's Code - 12 Simple Lessons for Riding Through Life Shaun Tomson 2012-10-03 Surfing has been described as a sport, a religion, an obsession and a way of life. For Shaun Tomson, world champion surfer and successful entrepreneur, surfing is all of that and more. In Surfer's Code, Tomson shares the life lessons he's gathered over many years of surfing - from his boyhood in South Africa to the World Tour in the 70s and 80s. While the lessons Tomson shares are taken from beaches all over the world, they translate powerfully to everyday life and the extraordinary challenges we face. They reflect the attitude and outlook necessary to survive not only the ups and downs of life, but to master them and emerge a winner. His lessons include: I will never turn my back on the ocean; I will always paddle back out; I will watch out for other surfers; there will always be another wave; I will catch a wave every day.
